REMARKS

The Notice indicates that the Drawings filed February 4, 2004 have been received, however, an inconsistency exists between the Drawings and the Brief Description of the Drawings in the specification. Specifically, the Notice indicates that Figures 9C-9H are contained in the Drawings, but not listed in the Brief Description of the Drawings in the specification.

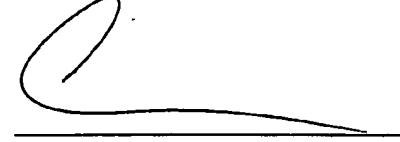

In response, applicants have hereinabove amended the specification in order to list Figures 9C-9H in the Brief Description of the Drawings and replace "Figure 9" notations throughout the specification. Applicants maintain that these amendments to the specification merely correct formal matters and do not introduce any new matter.

If a telephone conference would be of assistance in advancing prosecution of the subject application, applicants' undersigned attorneys invite the Examiner to telephone them at the number provided below.
